GWYNEDD COUNCIL MATTERS
The following report was received from Cllr. Annwen Hughes and Cllr. Gwynfor Owen – Cllr. Annwen Hughes reported that since the last meeting that she had received more complaints of speeding down beach road and she had passed on these complaints once again to Gwynedd Council and asked for 20 m.p.h signs to be placed on the road especially next to the School. She had received a reply stating that because this road is lit and there are no signs along it so the restriction is 20 m.p.h and she will raise this issue at a meeting with the Police in Barmouth later this month. She had also received an email from a constituent asking why the booking system was still being carried out when wanting to visit Ffridd Rasus and she had forwarded this email to Gwynedd Council and received a reply stating that they had seen the benefit of this system but at the same time they were aware that this system does not please everyone so in the next few months they will be re-looking at this and reviewing this system because the experimental regime over the Christmas period had worked well and it had proven popular. She had received an email from another constituent asking when the car charging points would be working in Bron y Graig Uchaf car park and she had passed this on to Gwynedd Council and had received a reply stating that officials from the transport team were working on a programme to make the site operational in October, but unfortunately the activity of installing an electric meter on the site was cancelled without reason by the company. They have been working on re-establishing the work programme and are hopeful that they will be able to provide a charging service by April this year. She had received complaints from some residents of the area who visit the town to go to use the local shops that there is no place to park in the on-street parking spaces because the shop owners' cars park there all day. Because of this she will bring this matter to the attention of the Police at the meeting and ask them to have the Traffic Warden to visit the town more regular. As from Monday February 12th a new Sunday and Bank Holiday

timetable will be introduced on Bus Service G23 and there will be 4 journeys a day on Sundays and Bank Holidays and will operate between Barmouth, Harlech and Porthmadog and there will be connections with TrawsCymru Service T3 will be available at Barmouth. More information can be found at Lloydscoaches.com/serviceup-date/servicechanges

Cllr. Gwynfor Owen reported that he had been told that the dead animals that had been washed up on the beach had been cleared within 24 hours by Gwynedd Council. He had attended the public meeting in the swimming pool where a good number had gathered, he had been told that a dangerous tree had fallen and Gwynedd Council had soon cleared it, he had complained that yellow lines were not being painted in places for some time and this was because there was an external company that was doing the work. He has arranged a call for peace vigil to be held in the castle car park at 5.00 p.m on Sunday 11th February. He stated that the council tax will probably go up to 10% with cuts of £8 million and the next financial year will be worse.
