Reg Chapman stated that he had stopped all work with regards to the fence.

The below motion was received from Cllr. Martin Hughes and was asked to be included on the agenda for the extraordinary meeting of the Council on the 21st November.

Motion from Cllr. Martin Hughes

Harlech Community Council wants to take control of the swimming pool site to ensure any future plans benefit the local community and to avoid the site becoming a decaying eyesore for years to come. It is proposed that a task and finish team of 5 councillors be appointed to consult with interested parties and the local community to identify and evaluate options, with the final recommendation being submitted to the April 2025 council meeting for decision. The Council would take control by nominating the same 5 members to a new board of HAL to take control of the swimming pool on 1st January 2025. The Council will use existing swimming pool funds and council funds to fund the site until the end of the consultation period. Cllr. Martin Hughes withdrew his motion.

Following the meeting with the HAL Board on the 29th of last month Cllr. Mark Lewis brought forward an amendment to the above motion which was as follows:-

Motion from Cllr. Mark Lewis

Harlech Community Council wants to work in close partnership with HAL to ensure future plans benefit the local community and to avoid the site becoming a decaying eyesore for years to come. It is proposed that a task and finish team of 5 councillors be appointed to work with HAL to consult with interested parties and the local community to identify and evaluate options, with the final recommendation(s) being presented by the joint team to a public meeting in mid-January and a final decision being made by the HAL board shortly thereafter. The aim is to transfer ownership in April. The Council will assist HAL with running costs and legal fees related to an orderly transition to the new owner on an as-needed basis. In order to ensure that HAL is adequately supported and the Harlech community's investment is carefully controlled, the level of support will be assessed and agreed by the Council every month until the transaction closes. For the month of December the council will transfer £1,824.75 to HAL to assist with running costs and legal fees.

The Chairman stated that this amended motion deems concerns of no representation on the Board meaning no control over decisions and the following wording was added to the above motion – 2 Members of Harlech Community Council will be accepted onto the HAL Board as voting members to protect the interest of the Community Council and the December payment and future payments will be made when the new Directors are added to the Board.
